CHICAGO CONTRACTOR KILLED INSTANTLY BY SOO FREIGHT TRAIN

Jas. Waska Struck on Way
To Cottage Near Loon
Lake Thursday.

James Waska a retired contractor and owner of a summer cottage at Loon Lake attempted to beat the Soo Line south bound freight while on foot Thursday, was struck as he stepped over the last rail and killed instantly.

Mr. Waska had come to Loon Lake to make preparations for the opening of his summer cottage and had been for a walk. On his return he stopped at the home of Andrew Wolf who resides near the crossing. Seeing the long train and disliking the delay that the wait for it to pass would occasion he started across in front of the train. He was hurled 30 feet along the right-of-way. Two men standing nearby witnessed the tragedy and rushed to him but life was extinct even then. Dr. Beebe of this city was summoned and arrangements were made for the body to be brought to the Straug Funeral Home.

The family of Waska was notified and after an investigation by Coroner Taylor the body was released to relatives, and taken to Chicago for preparation for burial.

The deceased had been going to Loon Lake for the past several years and was well known and liked by residents of that community. He was 55 years old and leaves a widow and one son.

C. PESTER LOSES RECOUNT RIGHTS IN LAKE VILLA

Charles Pester of Lake Villa proposed a recount of votes after the township election there April 3, but failed to make formal demand upon the town clerk within the required ten days and thus lost the right of such action. Sidney Dibble, high man in the election and Pester had their names on the ballot, but Pester's name was written in and he received 112 votes to Pester's 5. The point was then raised that while the name was written in, there was no cross before to indicate the casting of a vote.

Pester realized that he had a point that would win in his favor and threatened to contest, but his delay in acting lost him what right he did have to the office.

D. G. A. R.'s Entertain Husbands and Grand- Daughters On Monday

The Daughters of the G. A. R.'s entertained Monday evening at the Woodman hall for their husbands and granddaughters with a card party. Several tables of "500" and Bunco were at play. About thirty members and guests were present. Coffee, cake and fruit salad were served after play and award of prizes to Mr. Sabin, Mr. Kufalk, Mrs. C. A. Powles and Mrs. Dora Sabin as winners for high score in five hundred. For Bunco Mrs. Garwood and Mrs. F. Cribb received prizes.

WALLACE DROM UNDERGOES APPENDICITIS OPERATION

Mr. Wallace Drom of near town was taken to the Victory Memorial hospital last week where he was operated on for appendicitis. He is improving rapidly.

Oriole Is Voted Favorite Bird by School Children

The oriole has been declared the favorite bird in this community by a vote taken at the Antioch Grade School.

The National Federation of Business and Professional Women's clubs believe that the selection of a State Bird by the school children of the and value of birds.

They, therefore decided to sponsor the movement to bring about such a selection and asked the co-operation of the State Superintendent. Accordingly, a ballot was sent out with each Arbor and Bird Day book, providing a vote for the following birds: Blue bird, oriole, cardinal, meadow lark and quail. The robin was not listed because it has been chosen as State Bird for Wisconsin.

The vote cast here was as follows: Oriole 54 votes, blue bird 30, cardinal 25, meadow lark 5, red-winged black bird 4 and the quail 2.

BOY SCOUTS ENJOY HIKE TO ROCK LAKE; TEN BOYS PASS TEST

The Boy Scouts of Troop No. 1, welcomed the holiday Monday as it gave them the opportunity to go on a long looked for spring hike. The Troop assembled at Headquarters and hiked to Rock Lake to put into practice some of the scout work learned during the winter. After a brief rest games were started after which all set to work preparing for the fire building test. This test required that a fire be built, using such material only as may be found on the grounds and to be lighted with two matches only. This proved to be no easy task as there was no long grass, and dry leaves were scarce and the fire must be large enough to offer warmth and yet small enough to prepare a meal. Like true scouts fires were soon blazing, potatoes were packed in mud and roasted in hot ashes while each scout broiled a juicy steak hung from green sticks over the open fire. During the process the scoutmaster was kept busy offering suggestions as well as sampling the cooked food. Ten boys passed the test and after a hearty meal all prepared to the woods where "capture the flag" and other games were played. Toward the end of the afternoon teams were chosen and "hare and hound" was played which led the scouts back to town, a tired, weary troop but whose veins were filled with rich red blood as a result of a hard day in the open.

The following Scouts passed the fire building and cooking tests: John Hogan, Robert King, Leonard Krahl, Harold Nelson, Dan Williams, Robert Norman, Sherman Ferris, Billy Gray, Billy Wetzel, John Wetzel.

WETZEL SERVICE MOVES TO FORMER MOTOR SALES GARAGE

New Home For Wetzel
Chevrolet Service Across
Street From Showroom.

For the first time since the Wetzel Chevrolet Sales has been in business in Antioch, the opportunity has come to them to lease a building suitable for the large volume of business they enjoy. The new garage building formerly owned and operated by the Antioch Motor Sales has been leased by Mr. Wetzel and the equipment is being moved this week. This building is located just across the street from the Chevrolet showroom and is equipped with all new modern machinery, enabling them to take care of any job that is brought in.

CRYSTAL THEATRE TO INSTALL UNIT PIPE ORGAN SOON

The Crystal Theatre will be closed next Thursday and Friday when extensive repairs and decorations will be made as well as the installation of a new \$10,000 Unit Organ. It is said that this is the only organ of this price in a theatre of this size and Mr. Smith is to be congratulated on his progressiveness in supplying his patrons with an instrument of this kind.

Grandson of Joseph C. James Wins Second on Tuba in Chicago

James Carrel, better known as "Bud", the son of Mrs. Bertha Carrel of Chicago, and grandson of Mr. and Mrs. J. C. James of this city, won second place in the City High School contest of Chicago last week as Tuba player. The Senn High School of which he is a pupil, won the first prize with their Brass Band and will go to Champaign Thursday to enter the State Contest. Mrs. Carrel will accompany the band and play their accompaniments. She will also play the accompaniment for her son on the Tuba.

It Pays, Too

Advertising invites and fixes a comparison, by which one's goods, methods, and prices may be tested. Advertising creates demand; one who does not know of the advertised automobile, still drives the ox-team, or rides pillion-fashion, or walks through jungle paths; one who doesn't know advertised matches or electricity or gas, kindles a cave fire with a whirling stick, and gnaws half-cooked meat off the bones of the prey he has slain with a stone or club. Advertising is information and good-will investment.

MOTOR COP TO GO ON DUTY SATURDAY

The days of real sport are about to pass for the sporty motorists who have been speeding through the village of late with a "give-a-dam" attitude toward law and order. Main street is not a speedway, according to village council members who have instructed Motorcycle Policeman Frank Valenta to see to it that Antioch is made a safe and sane place for both motorists and pedestrians. "You can't do that," warns village authorities, referring to recklessness in driving and speeds anywhere from 35 to 60 miles per hour on streets here.

Three arrests were made at night last week by Officer Valenta for speeding.

PROGRAM PLANNED FOR HEALTH WEEK IN LAKE COUNTY

Schools and Health Departments of County Join
In Event.

The health departments and various organizations of the schools of Lake County are joining in the observance of the tenth annual health promotion week, sponsored by the state.

No set program has been arranged for Antioch schools, the programs being left for the most part to the principals of the various schools.

Lake Villa schools will observe the week with the showing of a series of films pertaining to health. Due to the fact that warm weather comes to the southern part of the state earlier than in the northern part, health week was observed in that section the first week of April.

BECK AGAIN NAMED HEAD OF HOSPITAL

Dr. Karl M. Beck, county physician and superintendent at the Lake County General hospital for the past 16 months was reappointed Wednesday by the board of supervisors to serve in this capacity for another year. His present term expires on July 1. He is to receive the same salary, \$5,000 per year.

Dr. Beck submitted his application to the board at the adjourned session Wednesday morning, being the lone applicant for the county position. The hospital committee composed of Supervisors Frank Cory, David Van Patten and H. C. W. Meyer recommended that Dr. Beck be retained as county physician and superintendent at the county hospital and the vote was unanimous.

550 MILES OF CANDY BARS SHIPPED OVER THE NORTHWESTERN RAILROAD

An unprecedented volume of candy is now being moved out of Chicago. Five solid trainloads, in addition to a large number of carloads, have been shipped by the Baby Ruth Candy Co. during the last thirty days, all loaded in the concern's own refrigerator cars.

There are a sufficient number of bars in this shipment to supply every man, woman and child in the cities of Salt Lake, Billings, Great Falls and Helena, Montana; Seattle, Portland, San Francisco and Los Angeles, with one Baby Ruth each. If the sweets in the five trainload shipments were laid end to end, they would make a solid candy bar 550 miles long.

LOCAL BOXERS LOSE DECISION IN WRESTLING BOUT AT POLLY PRIM

At the weekly wrestling bout at the Polly Prim Pavilion in McHenry last night Harry Petzke met Schuyler Tankerson of Helleplaine A. C. at 170 pounds, and lost the decision. Geo. Holderman, also of Antioch, met and lost to Joe Adams of Chicago, in the 135 pound class.

CITY BRIEFS

Otto S. Klase has had the plumb glass front over the entrance of his clothing store taken out and replaced with another glass with the name of his firm set in red letters on a buff colored background. This is an added improvement over the original glass. Several improvements have been made at the Bartlett Oil Station this week with the installation of six new lights on five foot white brick pillars replacing the regular standard lights that were used previous to the installation of the new system. The company is also having constructed a new cement oil changing pit. J. W. Blackman is manager of the station.

STREET ESTIMATE BEFORE VILLAGE COUNCIL TUESDAY

Assessment Is Spread And
Hearing to Proceed
Without Delay.

Specifications and estimates on the installation of the proposed new street connecting Park avenue with Depot street are ready to be placed before the village council next Thursday night. It was announced yesterday by Mayor S. E. Pollock who has received the information from Village Engineer Todson of the Central Engineering company of Elgin, Illinois.

"Additional streets should have been provided years ago," Mr. Pollock said, discussing the disadvantages that have arisen because of the lack of thoroughfares in the village. "A town must have streets, and the added trackage thus made will enhance the value of all the property benefited," the mayor added.

An ordinance authorizing the board of local improvements to proceed with the project is expected to follow the discussion of the matter Tuesday night. The spreading of the assessment and the public hearing will proceed without delay, according to the village board members.

No estimate has been obtained for the proposed street to connect Victoria and Orchard streets and possibly to extend farther north of Orchard. This will come later, it is said.

DRUG STORE IS NOW LOCATED IN NEW QUARTERS

The Reeves Drug Store is now located in its new home in the remodeled building next to Chase Webb's General Store. Moving operations were begun last Friday, and several days were consumed in getting everything moved and in place. The new store is much larger than the old one and up-to-date in every respect. The soda fountain has been added to, booths are built in for the fountain service, a large prescription room allows a display of all drugs, the wall paper and paint department is arranged so that the customer can easily make selections and the refrigerator for the storing of candies and perishable goods holds five tons of ice. Most of the painting is finished and Monday the large linoleum will be laid. While everything is not yet arranged and in place Mr. Reeves and his assistants are capably taking care of all orders. Antioch may well be proud of this new store so recently added to the already modern buildings of Main street.

News Notes of Antioch High School

MUSICAL COMEDY "SAILOR MAIDS" TO BE GIVEN MAY 10-11

A two act musical comedy has been selected by the musical organizations of the Antioch Township High School to be presented on May 10-11. It is entitled "Sailor Maids" and written by Charles Ross Chaney, author of "The Bulls of Barcelona" which was given two years ago with much success. The teachers and students who are working on the production are pleased with the musical score and dialogue, and claim that it will equal any former production.

The theme of the story revolves about the mistaken identity of two boys, due to a great similarity of appearance. The two Beman brothers are cast for the parts and will certainly defy recognition on the part of the audience because it took the teachers and students several weeks to distinguish them when they entered school last fall. The remainder of the cast will be announced later.

HOMER TIFFANY HONORED

Word was received this week from Dartmouth College that the Antioch High School had been placed upon the list of accredited schools and that Homer Tiffany, senior, will be granted admission to that college next year. Anyone who has tried to enter Dartmouth is familiar with the rigid requirements. The enrollment is limited and the number of applicants so large that a very small percentage is selected. It is indeed an honor of which Homer and the High School may well be proud.

109th Anniversary Celebration of Odd Fellows Thursday

One hundred and nine years ago in Baltimore, five men seeking the joy of fraternal fellowship united in a bond of friendship out of which has grown one of the largest fraternal organizations in the world, the Independent Order of Odd Fellows and their sister lodges, the Rebekah's. Every town and hamlet where a lodge is found will celebrate the 109th anniversary of the order.

The local lodge, Lake No. 109, presided over by Noble Grand, Hugo Gussarson will open the celebration by having as their guests lodges from Waukegan, Libertyville and Highland Park on Thursday evening. The initiatory degree will be exemplified by the past grands of the visiting lodges. After the degree work all will sit down to enjoy a buffet lunch.

On Sunday evening both the Odd Fellows and Rebekah lodges will visit the Methodist church where Brother Rev. A. M. Krahl will address the members and preach the memorial service. The theme is "Friendship", the first tenant of the orders. The general public is invited. The members of the lodges will meet in the Odd Fellow hall and march to the church in a body. The service will begin at 7:30 standard time.

DARROW & BARRON GET PAVING JOB

Contractors Bid \$162,527
On Libertyville-Gurnee
Road.

Official awarding of the contract to pave Route 172, Libertyville to Gurnee, was made Wednesday according to information given John Darrow, of the contracting firm of Darrow & Barron, who were low bidders on the work.

The word came from Frank T. Sheets, chief of engineers of the state highway department.

The contract calls for an 18-foot paving between Libertyville and Gurnee, a distance of five miles. At one time it appeared as if objections to giving right-of-way would kill the entire program.

SCOTT'S DAIRY ADDS NEW TRUCK TO SERVICE

Scott's Dairy has just added a new truck to their already up-to-date equipment. Its attractive body is painted a mellow cream with letters of gold. The new vehicle is but another step of "Scotty" in giving to Antioch and community a high class modern sanitary dairy with adequate delivery service.

L. A. ROTHERS TAKEN BY DEATH AFTER FUTILE OPERATION

Well Known Resort Man
Died In Waukegan Last
Night.

L. A. Rother, better known in this community and to a host of friends here and in Chicago, as "Butch" Rother, died at the Victory Memorial hospital last night at 11:55, following a week's illness after an operation for appendicitis.

Mr. Rother was born in Chicago in 1891, the son of Mr. and Mrs. L. A. Rother. At the age of 23 years he was united in marriage to Miss Lillian Waldweller of Chicago. Three children were born to this union, Louise, Gertrude and Charles, who with the widow survive him.

For twelve years he conducted the Rother Hotel at Grass Lake, a resort popular with Antioch and Chicago people, and a place of beauty which Mr. Rother took great pride in keeping as attractive as possible. He was interested in any kind of improvement or beautification plan for the lake region and was an active member of the Chain O'Lakes Improvement association. A year ago he gave up the management of the resort and went into business with Ray Progenzer in the operation of a dredger, an occupation to his liking, because most of the work was done on the lakes or small rivers of this region. Most of his life has been spent in and near Grass Lake, coming to that vicinity with his parents at the age of two years. He has a host of Chicago friends who made his hotel their headquarters while vacationing and who recognized the true sportsmanship of the man who conducted that resort.

Mr. Rother was a member of several organizations of the county including the Antioch Masonic lodge, Waukegan Royal Arch, No. 41, Waukegan Commandery, Rockford Tenth Shriners, as well as being a member of the Waukegan Elk and Moose lodges.

Funeral services will be conducted from the home at 2:00 o'clock Saturday afternoon with Mr. S. E. Pollock officiating minister, and burial in the Grass Lake cemetery. Besides the widow and three children, he is survived by his father and one sister, Mrs. Haurahan, also of Grass Lake.

DAIRY JUDGING TEAM DEFEATS GURNEE HIGH WED. 165 POINTS

Farm Boys To Compete In
Sectional Contest On
Next Saturday.

The Antioch High School Dairy Judging Team defeated the Gurnee High School team Wednesday by 165 points. Out of a possible 1350 points, Antioch scored 1011 and Gurnee 846. The boys judged cattle at Spleney Run Farm, Gurnee; Hawthorne Farms, Libertyville; Elmwood Farm and Lasker Farm at Deerfield. The three high boys on the local team were Norman Barthel, Dorr Cremin, and Lewis Gallger.

The Sectional Contest will be held in Sugar Grove Saturday and the Farm boys will compete.

Athletic Events And May Fete For Grade School Students Soon

Children of the primary and upper grades of the Antioch Grade School are planning a good time on Friday afternoon of May 11, when they will give their May Fete on the school lawn. This will be put on by the primary classes, while the upper grades will compete in jumping, running, and pole-vaulting. The seventh and eighth grades are making arrangements for a baseball game with a neighboring school. All parents and patrons are cordially invited to be present.

ROOF FIRE CAUSES LITTLE DAMAGE AT PERCY DIBBLE HOME

The fire department was called to the home of Percy Dibble on Park avenue Wednesday morning at twelve o'clock when the roof of the house caught fire. Very little damage was done by the blaze which was quickly extinguished. The origin of the fire is unknown but it is presumed that a defective flue was the cause.

Stuffed Fresh Shoulder

Have the shoulder boned and stuff as you would turkey. Save all the small pieces that will not slice, run through food chopper and add two potatoes, half cup of bread crumbs and a little gravy. Add salt and pepper and make into little cakes. Dip in bread crumbs, then in beaten egg, then in bread crumbs again and fry brown in deep hot fat.

Fruit Salad

Two cups seeded white grapes, two cups chopped apples, one cup chopped celery, one cup chopped nuts, one cup marshmallows, cut in pieces, and one half cup candied cherries. Mix the ingredients together, whip one pint of cream, sweeten slightly and add the juice of one lemon. Pour the dressing over the salad just before serving. Serve very cold.—Mrs. Ira Call, Pana

English Marble Cake

One cup butter, two cups sugar, four eggs, beaten, one cup pastry flour, one teaspoon salt, one half cup raisins, two tablespoons melted chocolate, two tablespoons molasses, one teaspoon cinnamon, one half teaspoon each of nutmeg, allspice and vanilla.

Work butter and sugar to a soft light cream. Add eggs and then the milk. Add baking powder, salt and flour sifted together. Divide batter in half. To a half add the chocolate, molasses, allspice and raisins. To the other, add the vanilla. Drop alternately a spoonful of each into a greased pan and bake in a moderate oven one hour.—Mrs. Annie Hilderback, Baldwin.

Surprise Sausages

Take the good outside leaves from a head of cabbage, wash well and pour boiling water over and let stand five minutes. Make sausage in rolls the size of a frankfurter and wrap a cabbage leaf around each roll. Tie with heavy white thread. Chop the inside of head and place a layer of cabbage in pan, sprinkle lightly with chopped onion and lay the sausages on, cover with a layer of cabbage and add salt to taste. Cover with boiling water and boil gently until cabbage is done. This is fine served with the following corn bread.

Corn Bread

One cup sour milk, one level teaspoon soda, one rounding teaspoon salt, one beaten egg, one tablespoon flour, one teaspoon sugar and enough cornmeal to make a batter that will spread itself. Heat a skillet, preferably iron, with enough grease in it to cover the bottom. Pour the batter in and cover. Let cook over fire until it has risen and is brown on the bottom. Have another skillet heating with enough grease to cover bottom and gently slip this into the second skillet and finish cooking uncovered. This is much better than baked cornbread and can be cooked on an oil stove.

Sandwich Filling

One half cup salty peanuts, one half cup cheese, one small glass dried beef, one small can pimientos, three medium sour pickles, and three hard boiled eggs.

Grind all in food chopper, mix with mayonnaise dressing and spread between buttered slices of bread.

Buttermilk Mayonnaise

Two egg yolks, one cup buttermilk, one half cup vinegar, two tablespoons sugar, one tablespoon butter, one tablespoon flour and one half teaspoon salt.

Beat eggs, add dry ingredients mix together, add buttermilk, vinegar and butter and cook in a double boiler stirring constantly. This is fine.—Mrs. Harry L. Dwyer.

FOR THE GOOSE—

If you lose love, it often ain't your fault. If you lose respect, it generally always is.

Silence might not be the best defense, but it certainly is the most aggravating.

Answerin' insults with sarcasm is like tryin' to clean off an ink spot with a fountain pen.

FOR THE GANDER—

The world owes every man a livin', on'y he's gotta do his own collectin'.

When you talk, talk soft. But when you hit, hit hard.

Cunning and breeding is alike in this way—that the more you got 'em the less you show 'em.

A gentleman is one who understands and shows every mark of

**DIVERSIFIED COLLARS GIVE NEW
EXPRESSION TO THE COAT MODE**

IT IS the chic of its collar which distinguishes a coat as being of 1928 origin. The vogue for the coat without fur brings a challenge to the designer to individualize the spring wrap through manipulation of the fabric itself. In answer stylists are directing their genius and imagination toward devising diversified collars which shall give an entirely new expression to the coat mode.

Most of the newest collars stand erect at the back. Even the narrowest of them show this tendency—a point which is smartly defined by the new type model in the picture. Note also that there are two shades of cloth involved in the making of this coat, this being a very modish detail in spring wraps.

The fact that many novelties are being introduced in the way of cape coats and others affects the status of the straightline silhouette not at all.

HINTS

Tippe tomato juice will remove fresh ink stains.

Pillow cases must be ironed lengthwise to be entirely free from wrinkles.

A little cornmeal moistened and rubbed on the hands will soften and whiten them.

Pour the hot jelly into a pitcher and fill the jelly glasses from the pitcher. You will not lose any of the syrup by pouring and the smallest glass will be easy to fill.

"Inside" Information

Chocolate that appears white on the outside has been kept in an over-warm place, so that some of the fat has melted and come to the surface. It is not injured in any way for use.

There is no reason why fresh or properly preserved fish should not be eaten at the same meal as milk. Fish and milk are often cooked together in the form of milk chowders or creamed dishes.

Work the butter for sandwiches to a cream, but do not melt it. Cut the bread into thin even slices. If you are going to trim off the crusts, do not butter too near them. Bread for sandwiches is best when about 24 hours old.

Always iron with the thread of the goods, and iron until the garment is dry. Otherwise it will pucker. Shiny gloss on hems, tucks, or seams, can be removed by moistening a piece of cheese-cloth with clear water, wringing till dry, and wiping it quickly over the shiny surface.

Dandelion greens can be gathered very early in the season, when they are young, tender, and least bitter. Owing to this bitterness of flavor, it is a good plan to combine the dandelion greens with other vegetables or flavors which modify it. The plan of cooking these greens in several waters is not recommended because much of the valuable mineral matter is thrown away, vitamins are destroyed, and the greens are overcooked—flaw dandelion leaves or those cooked without water are less bitter than those that have been boiled.

deference to the claims of self-love in others and exacts it in return from them.

FASHION NOTES

Not only are our hats adorned with curious animal and bird ornaments of metal and glittering stones, for fashion's latest caprice is to embroider a miniature gazelle or some other equally as decorative a creature on one's blouse.

Easy to make, to wear, to launder and to look upon are the daytime frocks of printed rayon. Where once only the more formal weaves passed the censorship of the mode as fitting for afternoon wear, now it is considered quite the smart thing to wear modishly styled cottons and rayons to afternoon social events.

Spring millinery emphasizes flattering feminine details such as soft bows of wide satin ribbon, colorful feather fancies, many in pasted effects, ornaments of every description. The little nose veil also lends its beguiling presence.

Fashion announces with emphasis the classical tailored suit for spring. Outstanding style points include faintly indicated waistline, shorter jackets, slightly longer skirts with one-side cluster of plaits or plain side-

Why RED TOP Steel Posts Are Better

Check up on each of these points. Aren't they just the points you want in a fence post?

- Made only of tough, durable seasoned railroad rail—long lived in the fence line.
- The One-Man Handy-Fastener easy to apply, holds fence permanently in place.
- Strutted reinforcing rib makes post stronger.
- Baked-on aluminum finish is rust-resisting. Adds to appearance of fence line.
- No holes punched to weaken post. Easy driving (rougher surface plate riveted so shanks firm, post secure).

Red Top Steel Fence Posts

YOU can even build that new fence you've been thinking about—do it quickly and what's more—be done with that fence job for many long years.

Come in and let us show you on an actual post the differences that sold us on RED TOPS and make us recommend them so strongly. Then, too, we can show you how doing a little fencing will turn waste into profit. It's a good idea—one that will repay the fencing cost in a couple of years and, after that, make extra profits for you.

The meeting of the society will open Thursday afternoon at 2:30 with Dr. Otto L. Schmidt, president of the society, presiding. An address, "The German Conference in the Dutchess House, Chicago, May 14-15, 1860, and the candidacy of Edward Bates and Abraham Lincoln in the ensuing National Republican Convention," will be given by Prof. F. L. Herriott, Drake University, Des Moines, Iowa.

"Public Welfare as a Departmental Function of City Government" will be discussed by Miss Mary E. McDowell, University of Chicago Settlement, Chicago. After this lecture songs will be led by Mrs. Ruth Beckett Donney of Springfield.

Prof. J. A. James, Northwestern University, Evanston, will deliver an address on "George Clark, the Civilian," as the concluding event on the Thursday afternoon program.

The Thursday evening session will be opened by invocation by Rev. C. W. Cummings, First Christian church, Springfield. The evening address will be delivered by Prof. Isaac Joslin Cox, Northwestern University, Evanston; he will take "The Reaction of the West to the Burr Conspiracy" for his subject.

Songs led by Miss Diamond Vaden, Springfield, and a reception, to which the public is invited, in the Illinois State Historical Library, will conclude the evening's program.

On Friday morning at 9:30 the directors will have a meeting in the office of the secretary. The business meeting of the society will be held in the Centennial building at 10:00 o'clock.

"The establishment of lotteries in Illinois for the purpose of raising funds to improve the public health" will be discussed by Dr. Gottfried Koehler, Commissioner, Health Department of Chicago, at the opening session on Friday afternoon at 2:30. Dr. Charles H. Johnson, Champaign, will speak on "Some of the aftermath of the Presidential Election of 1860."

Songs led by Miss Emma Scheer, Springfield, and an address, "Forts of Old Kankakee," by Hon. Elbert Waller, Tamaroa, will conclude the last session of the meeting.

Mary Todd Was Not Jilted By Lincoln

Says Biography

Abraham Lincoln did not jilt Mary Todd on their wedding day, as the story commonly runs in several biographies of the Great Emancipator.

The diary of Emilie Todd Helm, half sister to Mrs. Lincoln, has come to light and will be published serially by McCall's prior to its appearance in book form by Harper & Bros. The importance of the manuscript resides in its revelations of the old story of Lincoln's jilting of Mary Todd. Mrs. Helm completely discredits this story as it now appears. The diary, containing new material on Lincoln's residence in the White House, unpublished matter by Mrs. Lincoln, members of her family and friends and letters by Robert Todd Lincoln, son of the president, is revealed in a new biography of Mrs. Lincoln, "Mary, Wife of Lincoln," by Kate Helm, her niece.

"For the first time," according to a statement issued by McCall's, "the truth is told about Lincoln's jilting of Mary Todd on their supposed wedding day." The story told in Herndon's biography is completely discredited by Mrs. Helm's details regarding the lovers' quarrel. No wedding was set for that date and Mrs. Helm indignantly defends the memory of her brother-in-law.

Henderson county got by last year without a single death from tuberculosis. It's the first county in the state to enjoy that distinction since reliable mortality records have been compiled. This statement was made by Dr. Isaac D. Hawlings, state health director, who points out that two other counties, Kendall and Putnam, lost but one citizen each to that disease in 1927, while the southern tier of 31 counties experienced a decline from 80.8 to 69.1 in mortality per 100,000 from tuberculosis. The 33 northern counties suffered an increase in rate from 80.7 to 81.1 while the central tier of 35 counties experienced a little improvement, the rate dropping from 60.4 to 60.1.

Art Exhibition In Springfield Attracts Several Thousand

The second annual exhibition of the works of art of Illinois artists is being held in the State Museum in Springfield from April 14 to June 21. Several thousand people have already availed themselves of the opportunity of seeing this choice collection, appreciating the fact that never before in the history of the State have so many fine paintings and pieces of sculpture been shown in any city of the State outside of Chicago.

This exhibition is possible because of the diligence, productivity and generosity of Illinois artists and because of the enterprise, courage and public spirit shown by the officers of the Illinois Academy of Fine Arts. To them the museum and its visitors are under great obligation.

Since Springfield is the seat of the State government, since it was the home of Lincoln, and is now his resting place, since it contains fine libraries and museums, it is an unusually attractive city. It will become even more attractive when there is assembled here a collection of works of art, illustrating the productivity of Illinois artists.

As time passes, this gallery will furnish a record of the progress of art in Illinois. Located at the geographical center of the State, it will supply inspiration and enjoyment to all lovers of the beautiful in the southern, as well as the northern communities.

The forward looking work which the Academy of Fine Arts is doing will aid in arousing such interest in things artistic, that there will be less likelihood of valuable collections of art being given to other states, rather than to our own, because of the mistaken idea that our people are backward in artistic appreciation.

Several fine gifts have been made with the idea of starting a permanent gallery of art to show the artistic skill of Illinois artists. The Scandinavians of Chicago have purchased a splendid painting entitled "Lief Erikson Discovers America" by Karl Ouren and presented it to the State Museum. Other gifts will be announced later.

GOVERNORS OF TWELVE STATES WILL ATTEND DEDICATION SERVICES

Governors of the twelve states through which the new Champ Clark highway passes are to be present in Pittsfield for the formal dedication of the bridge June 9, that will complete the highway from Sacramento, Calif., to Washington, D. C.

In addition, prominent citizens from all parts of the United States are to attend. They include Senator Jas. A. Reed, Harry Hawes, Mayor Wm. Hale Thompson, Mayor Albert Beach of Kansas City and mayors of approximately 100 cities along the route.

More than 1,000,000 specimens of various types of zoological life for the use of graduate students and professors doing scientific research, are available in the natural history museum of the University of Illinois. It has been disclosed by Frank C. Becker, curator of the museum.

"The research section of the museum is one of the best in the country, both in number of specimens and completeness of the collections," he said.

"The average person coming to the museum sees only the cases of animals, birds and fish, that are displayed in the various cases. These are for the use of undergraduates as supplemental aids to the class-room work in zoology, biology, psychology, geology.

Removal of the \$85 maximum appraisal for condemned tubercular cattle will enable the state department of agriculture to pay a higher price for the better class of cattle condemned. It has been announced by S. J. Standard, director of the department.

The maximum appraisal was formerly in line with market prices but increasing cattle values have made it inadequate when the animals condemned are of the better quality of grade dairy cattle.

An airplane tour of the state to promote trade and aviation development has been announced by the Illinois Chamber of Commerce, Chicago. Tentative plans call for thirty planes to participate, starting about June 20.

The planes will visit more than twenty-five cities, including Springfield, Peoria, Decatur, Champaign, East St. Louis, Cairo, Moline, Rockford and others not yet selected. Assistant Secretary of Commerce McCracken, head of the aviation, has approved the flight and will accompany the ships.

Whether a parole board may hear applications for pardons is a matter to be settled by the director of the department of welfare, Attorney General Oscar E. Carlstrom has ruled in answer to a query of Hinton G. Claiborn, chairman of the parole board. Claiborn asked the attorney general's ruling on whether members of the parole board could sit as a pardon board, or be designed as such a board by the supervisor of paroles.

WILL KRAKATOA EXPLODE AGAIN?

Last Eruption of Volcano Killed 30,000 People.

Washington.—Is Krakatoa lighting the fuse for another explosion?

The tiny island volcano in Sunda strait, between Java and Sumatra, already has tossed out another little land mass into the adjacent waters. The Dutch government, recalling the terrific eruption of 1883, has sent out radio warnings to both the Sumatrans and Javanese.

That explosion was the most violent in modern times, according to a bulletin from the National Geographic society's headquarters at Washington. It has been said that it "made the biggest noise" ever heard by the ear of man. Men and women still live in the Americas who recall the eruption, for, while they did not hear its record detonation, they saw the marvelous sunsets which its dust, circulating in the upper atmosphere, helped create.

The sound of the eruption was heard on Rodrigues Island, 3,000 miles distant, four hours after the catastrophe. It shot volcanic dust 20 miles high and it was this dust that was caught up in a lofty wind and whirled around the earth in 13 days. It raised a tide in South America, 10,000 miles away, and, nearer by, it threw up a wall of water more than a hundred feet high which traveled 400 miles an hour.

Two months before it exploded in 1883 Krakatoa was regarded as an extinct volcano.

No person who saw the eruption lived to tell the story. It snuffed out 30,000 lives.

England's Richest Woman Has Her Home at Sea

London.—Complete separation from the world at last has been achieved by England's wealthiest woman.

On her yacht Liberty, moored in a wide reach of the Solent not far from here, Lady Houston, widow of the late millionaire shipowner, Sir Robert Houston, rests in luxurious solitude. Even her friends can't reach her. For that she is sorry. But, she says, she was driven to it.

Nearly two years ago her husband died leaving her a fortune of \$35,000,000. She herself undertook the administering of the huge estate. But so many investment brokers and financiers descended upon her that she fled in flight. From a cabin in her 1,000-ton yacht she directs her affairs. But none approaches her, and only the most important mail is delivered to her.

The real reason—so friends say—for her strange seclusion is not her desire to escape from routine business affairs. Rather it is to get away from England, where, she suspects, her husband died of what she calls "sinister influences."

What they are she will not divulge. His tombstone tells enough, she said. On it she had inscribed: "To my husband, Sir Robert Houston, who died most mysteriously."

Mexico Adopts Modified Daylight-Saving System

Mexico City.—A trivial matter, which has caused nationwide interest in Mexico, because of the number of persons it affects, has been settled, definitely and officially, with the allotment of two official times—one for summer and the other for winter—corresponding to the daylight-saving system which is used in the United States.

Controversies continually were waged last year in various sections of the country, some using the astronomical time, the others relying on the "official" time, with the result that much inconvenience was caused and business hampered. Government intervention was finally asked.

The National Chamber of Commerce, after writing to the secretariat of agriculture, finally provided and accepted the solution—a compromise, which says there shall be two times, both officially and both nationally recognized. One is to be called "summer" and the other "winter" time, and by this conflict and misunderstandingings will be avoided.

Railroads and public utilities in general will observe the new system to avoid confusion.

Bicycles as Killers

Paris.—Police statistics for a year show that bicycles are worse killers than the heavily loaded automobiles that weave their fast and ponderous way through Paris traffic jams.

Daughter's Name Used on Sign Outside Firm

Caterham, England.—H. Marmont & Daughter, Limited, is a new sign which is attracting attention over a local fish, poultry and fruit shop.

Miss Amy F. Marmont is the daughter.

"My daughter has been interested in the business for a good many years," said her father. "During the war she kept the business going, and I have given her an interest in the firm."

Father and daughter are the sole directors of the corporation.

Thomas McCann, Aged Lake County Resident Is Taken By Death

Another pioneer resident of Lake county has passed on. Thomas McCann, aged 80, who had resided in Lake county all his life on the farm on which he was born near Millburn, died Saturday afternoon after a prolonged illness following a paralytic stroke. He was the son of pioneer settlers in Lake county and one of the oldest native citizens in this community. He was born March 17, 1848. Through his long residence in the county he had formed a wide circle of friends who are sorrowed by his departure. He is survived by his widow, one son, Robert, two daughters, Mary McCann who resides at home and Mrs. John Smith of Chicago.

The funeral services were held at St. Peter's Catholic church Tuesday morning with Father Lynch as officiating minister and burial was made in the Antioch cemetery.

Churches

Methodist Church Notes

That Christianity is moving forward with the same degree of vigor and forcefulness which has characterized its growth through the centuries is evidenced by the fact of the large group of people who worship each Sunday. The folks of Antioch are not an exception to the rule as we find a good number present each Sabbath day. Such aids to worship as the chorus choir, fine decorations, art and symbolism have done much to help people of different temperament to find the Absolute, the Divine Truth, God. Here again the Methodist church of Antioch is meeting the need. The chorus choir under the direction of Mr. S. E. Pollock have rendered a most wonderful service, the selections rendered have been of the highest type and often the most difficult. Next Sunday they will sing

"How Long Wilt Thou Forget Me" by Plueger. You will appreciate this I know. The sermon theme will deal with the symbolic interpretations of church decorations. Rev. Krahel has made a special study of this during the past months and will offer a new appreciation of what the Protestant churches have condemned in the past but which is today finding its rightful place in worship.

At the evening service the members of the Old Fellows and sister lodge, the Hebeahs, will be the guests of the church. Special music has been provided, the address of the evening will be related to the 109th Anniversary of the establishing of the Old Fellows. The public is invited and will be accorded every courtesy. The Hi-Girls class, Mrs. L. R. Watson, teacher, is throwing a party on Friday evening in the church which promises to be one of the red letter days for the class.

11:00 a. m.—Morning Prayer and Sermon.

Next Sunday will be time to mark the advent of the real spring season and what could be finer than making a firmer resolution to stand behind the forces of righteousness in the community and to loyally take an interest in all that is done or planned for. Sunday, May 6th, there will be a celebration of Holy Communion at the early service. It is hoped that those who were unable to attend one of the Easter celebrations will make an actual effort to make their communion during the octave of Easter as the church requires for good standing and voting status.

On Friday evening, May 11, the Scouts of troop No. 2 will sponsor a Mother's Day Banquet at the Parish house. Tickets will be ready early next wee kand all mothers are invited to be the guests of their children. The Fifth Commandment acts as a key for the occasion, "Honor thy father and thy mother that thy days

may be long in the land that the Lord thy God hath given thee." Dinner will be at 6:30. A speaker of note will be present to give the message and some other surprises will be on hand for mother which will be kept secret until the 11th of May. Sons and daughters, plan to be there at once?

Will those who have not called for their envelopes from Mr. Kelly do so at once?

Mother's Club Is
Organized Tuesday;
Officers Are Elected

Miss Marie Marvel of Evanston and Director of Religious Education of the Chicago Northern District, met and talked with a group of mothers at the Methodist church Tuesday afternoon and assisted in the organization of a Mother's club. A brief program was given with two solos by Mrs. Nellie Heald Tarnow. The purpose of the club is to organize the mothers of Antioch in the promotion of all things good pertaining to childhood and methods of rearing and education. Mrs. L. O. Bright was elected president, Mrs. A. M. Krah, vice president and Mrs. Rex. Honner, secretary.

The first meeting of the club will be at the home of Mrs. L. O. Bright next Tuesday evening at 8 o'clock.

GLEE CLUB AND STAR
OFFICERS ENTERTAINED

The members of the Glee Club and Officers of the Order of Eastern Star were delightfully entertained at the home of Mrs. Fred Stephenson on Tuesday evening. The guests were requested to bring a thimble and needle. When they arrived each lady was given a quilt block of two colors to be sewed together. Needles flew and there was a friendly rivalry between the guests to see who could sew the largest number of blocks. The quilt, when finished, will be presented to Mrs. Elinor Mitchell, past Matron of the Star. A three course luncheon was served at a late hour by the hostess.

ANNUAL REBEKAH ASSEMBLY
FOR DISTRICT NUMBER 3
HELD IN PALATINE

The Annual Assembly of the Rebekah Lodge for District No. 3 was held in Palatine Saturday afternoon and evening with seven chapters well represented. The Assembly was called to order at 2:00 o'clock and the address of welcome given by Laura Hildebrandt of Palatine. The School of Instruction and nomination and election of officers occupied most of the time the afternoon. Gladys Hopkins of Waukegan, was elected president and Mary Runyard of Antioch and Warden of the Assembly was elected vice president. The evening program was devoted to the exemplification of the Rebekah Degree, by the Waukegan lodge, and remarks were made by Emma K. Robbins, president of the State Assembly.

Those from Antioch who attended the assembly were Mrs. Wm. Runyard, Mrs. John Horan, Miss Goldie Davis, Mrs. W. H. Osmond and Mrs. C. E. Hennings.

The next annual assembly will be held in Waukegan. An invitation was extended by Antioch for the assembly meet in 1930.

America's Motor Bill Takes a Great Leap

Chicago—William M. Webster, commissioner of the Automobile Equipment Association, estimated America's automobile bill for 1928 will top by millions the \$8,000,000,000 spent in 1927, and following a survey of advance orders, out of the total he estimated 60 cents of every dollar will represent service, supplies, labor and maintenance parts and only 40 cents actual car sales.

"The American motorist now leads the world in spending money on his car," said Mr. Webster. "Where the motorist of 1915 spent 20 cents of every dollar for service, today he is spending 57 cents of every dollar."

He estimated the world registration of motor vehicles would pass 30,000,000 by next December and that the year will witness the greatest movement of motor vehicles on the roads of the United States.

GERMANS DEVELOP HUGE FLYING BOAT

Craft Will Have Speed of 165 Miles an Hour.

New York—Germany has developed an amazing flying boat with 10 motors and wings with a spread of 282 feet that is expected to make regular 24-hour transatlantic flights.

The machine weighs 250,000 pounds—128 tons. It will be able to carry 165 persons and 13,000 pounds of freight. Its maximum speed will be 165 miles an hour.

These details were heard from Fritz Doering, chief pilot and personal representative of the Rumpier Airplane works in Berlin, and Consul Louis J. Skulitzera, who have arrived here to complete negotiations with a group of American business men from New York, Chicago and San Francisco for formation of a company to finance the enterprise.

Dr. E. Rumpier, head of the organization bearing his name, is one of the leading plane builders in Europe. He has built airplanes since 1908 and has worked on the problem of transatlantic flights since the end of the war. Doctor Rumpier has invented the new "multi-motored" flying boat.

The basic idea behind this machine, Doering explained, is decentralization of weight and all motion units. Use of a large number of motors assures greater safety, he said. Six motors would be sufficient to lift the plane and its cargo from the ground and four motors would be enough to sustain flight. Therefore, he said, motor trouble is likely to be forgotten, as there always would be sufficient reserve motors.

These boats will cover the distance from Europe to the United States in 24 hours, the sponsors say. It is planned to make non-stop flights which will pass over the Azores on the way to America, and over New Foundland on the way to Europe.

Doering said of Germany's flying boats during the war, was the first to import American motors to Germany.

Doctor Skulitzera, who has been active in extending the market for American goods, represents several great American companies in Europe.

Tests to Be Made to Find Best Gasoline

Middletown, Conn. Motorists have been "going it blind" for the most part in buying gasoline for their cars, according to Wesleyan university chemists.

So the school, through its research students in the new Hall laboratory of chemistry, is going to try to determine the best selection for a particular need from the gasoline available.

Among the equipment set up in the laboratory is a single cylinder variable compression gasoline engine for anti-knock work and for determining the power production and heating effects of gasoline. Other devices include electrically heated distillation vessels, calorimeters, vapor pressure and corrosion testers, flash point, refrigeration and carbon residue apparatus.

Research will concern itself largely with synthesis and blending of new liquid fuels.

Paris to Re-establish Lepor Colony in City

Paris. A leper colony, abolished centuries ago, is to be re-established in Paris.

At the old Hotel St. Louis, built under Henry I. In 1097, a wing is to be fitted in for the unfortunate. Some authorities say leprosy is on the increase and the city has taken the situation so seriously as to appropriate a million francs for the new leper home.

"Unclean, unclean," the Biblical warning of the lepers as they were dazed about, had its equivalent in France in the sort of wood rattle which the lepers, obliged to wear a distinguishing costume, shook as they walked to enable people to get out of their way and keep at a safe distance.

For centuries there was a leper colony at the present Prison Saint Lazare, 800 years old, not far from the downtown district of Paris. It was abolished when the place became a monastery 400 years ago.

WILMOT ATHLETIC ASSOCIATION FORMED TO PROMOTE BALL

Union Free Loses First Game To Genoa City; Score 4-2.

An Athletic Association has been formed in Wilmot and its activities this summer will be the furtherance of a baseball club with games at the Wilmot park Sundays and practice games during the week. The Wilmot club is advertised to play Ringwood Sunday, April 29. A line up of well known players has been secured for the Wilmot team including: James Buckley, Swede Frank, Arthur Feltis, John Hartman, Shubert Frank, Don Herrick, Lyle McDougall, Herman Elbert, George Richter and Marty Schurr.

Union Free High School

Genoa City took the first baseball game from Wilmot by a score of 4-2 Friday on the Genoa diamond. Geo. Richter pitched a brilliant game, allowing but three hits, and fanning eight, but rugged support lost the game for Richter. Captain Madden caught a good game, but his throwing arm is as poor as ever. Errors by Schmalfeldt, shortstop, and Memler, third baseman, were costly. Runyard was evidently having a day dream out in right field for he let an easy fly drop in front of him without making an effort to catch it. Bloss lost an opportunity to score when, after being called safe, he walked off the base.

No doubt the team will improve. Richter's pitching was brilliant, and the general play of Union at second base, and Rasch at first was indeed encouraging.

120 BRIDGES SPAN FATHER OF WATERS

From the source of the Mississippi river, far up in the wilds of northern Minnesota to the Gulf of Mexico more than 120 bridges, large and small, have been thrown across the Father of Waters. They range from the 12-foot crossing at Benn, near the headwaters, to the huge spans at St. Paul, St. Louis and Memphis.

Several toll bridges are still operated, but for the most part they have been done away with. Bridge building over the Mississippi began before the Civil War, when trade and industry were pushing westward across the virgin prairies. Railroads were among the first to span the great waterway. Several bridges built in the early days are still in use.

BRISTOL COUPLE ARE SURPRISED ON SILVER WEDDING ANNIVERSARY

Miss Olive Carter Weds Leslie Gunter; Will Live In Bristol.

The Silver Wedding anniversary of Mr. and Mrs. Raymond Powell was held Tuesday evening in Wesley Chapel. About 200 old time friends and neighbors were present. The party, which was a surprise to this couple, was planned by neighbors and friends. The program consisted of several musical numbers, one reading and a talk by Rev. Steen, from Union Grove, who at the close of his remarks presented the couple with a complete table set of silverware and tray of modern design, as a token of esteem from the friends. The bride's brother, John Pierce and wife, who were their attendants at the wedding ceremony 25 years ago, again stood by their side to receive congratulations. Luncheon was served. Mr. and Mrs. E. Gothen and Mr. and Mrs. Cherry from Bristol attended.

Miss Olive Carter Weds Leslie Gunter; Will Live In Bristol.

Leslie Gunter, son of Mr. and Mrs. Charles Gunter and a farmer residing near Bristol on the east, was united in marriage to Miss Olive Carter of Kenosha. The ceremony was performed by Rev. George R. Cady, in the First Congregational church, at 11:00 a. m. The bride was attired in a blue Elizabethan crepe gown and a dainty head band of pastel shaded rose buds. She carried a bouquet of roses, sweet peas and lilies of the valley. She was attended by her sister, Mrs. E. C. Moss, who wore a gown of tan lace over satin and carried a shower bouquet. Otto Moss from Chicago acted as best man. Following the ceremony, a wedding dinner was served to the thirty guests at the Simmons club house. Mr. and Mrs. Gunter are on a honeymoon trip to Niagara Falls for two weeks, after which they will be at home to their friends in Bristol on the home-stand.

Miss Florence Murdoch, who came home a week ago with intestinal flu, was taken to Kenosha hospital and then to the Chicago hospital, where it was found an operation was necessary. She is in a very serious condition. She is a teacher in Oak Park, Illinois.

Dr. Barnes from the Green Bay Memorial hospital, will speak in the M. E. church Sunday evening, April 29, and show stereopticon views of what is being done there. Bristol

has been favored by securing several prizes during the past few years in the Easter Egg contest (for equivalent in money) from this hospital and will be much interested in seeing some of their work.

Mrs. John Clark and Mrs. Sheldon Hornbeck and children from Kenosha called at the Selby home last week.

Mr. and Mrs. Olin Monroe were week end visitors here and brought Mrs. Pike home.

Frank Fox, who has been ill the past week is somewhat improved.

Mr. and Mrs. Charles Selby called on the Keulman and Gaggin families in Antioch recently.

Mrs. Johnson accompanied Mrs. Monkman of Salem on a motor trip to Waterford, Wis., Monday, where the rural ministers' meeting was held. Dr. Elsen of Garrett Biblical Institute was the speaker.

The Joseph Goff family spent Saturday with relatives in Delavan.

Mr. and Mrs. Eugene Hartnell and daughter from Salem called at the Selby home Monday afternoon.

The M. E. church was filled again Sunday evening to hear "The Corbett Jubilee Trio" from Racine. They were greatly enjoyed by all.

The German Ladies Aid society held a quilting bee at the home of Mrs. Jak. Maleski, Thursday. Those present were: Mesdames August Krahn, Albert Wienke, Jens Jorgensen, Wm. Wienke, Stefan, Fitchow and Hartwig.

Mrs. Lucy Hollister entertained Mr. and Mrs. Charles Lane from Kenosha over the week end. Also the Monroe family from Kenosha on Sunday.

Miss Lynn Gitzlaff is on the sick list.

Rev. and Mrs. Edwin Jaster visited relatives in Montello, Wis., recently.

Mr. and Mrs. Wm. Long entertained the Misses Ruby and Jessie Bice on Sunday.

The Jake Maleski family were entertained at the Earl Yates home in Somers Sunday.

Rev. and Mrs. Berg entertained their daughter, Mrs. Hugo Drescher and son last week from Pewaukee, Wis.

Mr. Boundford, Kenosha, Mr. and Mrs. Emory Schonschick and family from Channel Lake, and Clayton Miller from Racine were Sunday guests at the Wm. Lewis home.

Mr. and Mrs. Lee Benedict entertained Mrs. Black from Antioch; Mr. and Mrs. Albert Higgins and children

and Ralph Pufahl from Kenosha Sunday.

Mr. and Mrs. H. H. Gaines and Mrs. Myra Anderson spent Thursday in Racine.

Mr. and Mrs. Arthur Gaines of Kenosha visited the Gaines families here Sunday.

Mrs. Herman Sell, Salem, was a guest at the Wolf home Saturday.

Mrs. Lee Benedict visited Mrs. Clara McGuire in Kenosha Saturday.

Safety experts in Chicago estimate that we have twenty-five thousand deaths a year from accidents in the home. Despite this appalling record, foolhardy people still persist in loitering about this perilous place, and even children are sometimes found there.

LOCALS LOSE FIRST GAME OF SEASON TO N. CHICAGO CHAMPS

Antioch Team Shows Good Form But Needs More Practice.

The first baseball game of the season for the Antioch team was played Sunday afternoon in North Chicago when the local boys met the West Side A. C.'s. The score of 9-4 in favor of last year's league champions from North Chicago caused disappointment on the part of Antioch fans as well as the team but proved that the team only needs more practice to make it one of the best in the Lake County League.

Intensive practice is now going on and the boys are daily regaining their old form. Next Sunday Antioch will meet the Foresters on the home grounds.

Ford Sedan Stolen From George Wedge Is Found Near Joliet; Wrecked

After several weeks' thinking that his Ford sedan was lost forever and that the purchase of a "brand" new four door sedan was the only way to relieve the situation of walking to work, George Wedge was notified last week that his car had been found near Joliet. Whoever had taken it had run it into a culvert and it was in such a condition that it had to be hauled to Antioch on a truck. The engine number was turned over to the authorities soon after it was stolen, resulting in the identification of the wrecked car found last week at Joliet.

There will be a card party at the Danish hall on Ida avenue Friday, April 27, at 8:00 o'clock. Refreshments. Admission 25c. 35c

Making Your Eyes Sprint

What a Price You Pay!

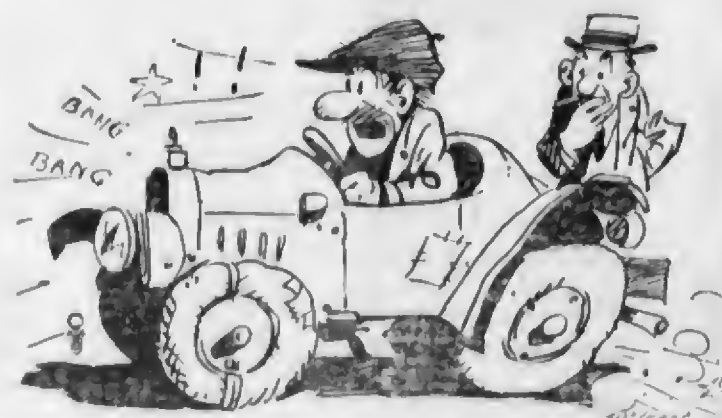

Forcing Defective Eyes to see is like trying to keep up with a champion sprinter—both take a tremendous toll of nervous energy.

You yourself, perhaps, are making far-sighted or near-sighted eyes give clear vision in spite of their defects. The price you pay is too great.
